Dear Maersk Hiring Manager,

I am writing to express my interest in the Graduate Intern position at Maersk. With a strong background in Full Stack Development and freelancing, I am confident in my ability to contribute effectively to your team.

My experience includes designing and developing scalable websites and applications using technologies such as Node, React, MySQL, MongoDB, and Git. Notably, I played a key role in boosting sales by 27% for an E-Commerce clothing store through user-friendly designs and payment gateway integration.

I possess a solid foundation in programming fundamentals, a commitment to quality work, and the ability to analyze and solve complex problems. My skills in technologies like .netCore, JavaScript, React, Angular, Deep Learning, Computer Vision, and Machine Learning make me well-suited for the dynamic environment at Maersk.

I am eager to bring my technical expertise, proactive learning approach, and effective communication skills to your team. Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your projects.

Sincerely,

Ajay Suresh
